For today's 11am call, as you said, let's focus first on Limnotech's verbal comments. Then, if we have time, I would suggest we discuss the following comments in your file below:

Hayton: #2, 5, 9, 10, 13, 16, 17, 18, 21, 22, 27  
Burlingame: #3  
MacGregor: #2, 3

It's possible we don't need to discuss Hayton #17, if you could clarify what "NME" is.

Subject: DRAFT comments

Hi Alice, I imagine on the call to discuss App C we'll first focus on Limnotech's verbal comments. But also attached for your information are our DRAFT comments. I am still waiting for one more set (sorry so late) and I also thought some of these might change/go away after the call....but just in case you wanted to review, here they are.
